>>

>> The settlement system is legit in the sense that people can indeed respond and pay up (and believe me, they know they downloaded the referenced content each time) but I would always tell people to research the entity requesting the settlement very thoroughly before actually doing anything. Better yet, find a more secure source to download copyrighted materials and don't show up on their radar again. Even though these people rarely ever sue anybody (and they'd have to work hard to prove that the material is copyrighted) it \_could\_ happen if they wanted to make an example of somebody to give legitimacy to the rest of the campaign.

>>

>> At any rate, the settlement folks referenced below are somewhat notorious:

>> <http://torrentlawyer.wordpress.com/category/copyright-troll-attorneys>

>> /

>> copyright-enforcement-group-ceg-tek/  
>>

>> No telling how many people probably got spooked and paid. In our case, as far as I know our obligation is simply to pass the requests on intact to the customers, although we only pass on DMCA type violations to known entities, of which this particular one evidently is in our abuse system.

>>

>> Hope that helps.
